TOOL STORAGE SOLUTIONS

THE 72" CLASSIC 96 WITH LOCKING DOOR

More Open Space

The KRA2496 provides 12 drawers in a variety of sizes for a high level of organization. The door section offers space for larger power tools, paint guns, safety equipment and personal items. Shelves are removable and adjustable.

The large bulk section is 24" tall by 16" wide by 24" deep, so you can add accessories such as paint gun mounting hooks (part number MRB20) or make room for personal items you want to secure. The bulk section's adjustable and removable shelves let you create storage for large plastic boxes, while saving the space in the twelve drawers for efficient organization of hand tools, power tools and small test equipment. Soft monprene casters protect items inside from vibration and provide a strong 2400 lb. weight capacity.

- KRA2496 Roll Cab**
- 12 drawers
 - Bulk Storage shelves
 - 32,801 cubic inches
 - 7,635 sq. in.

TOOL STORAGE SOLUTIONS

THE 72" CLASSIC 96 "WIDE GUY"

A Full Bank Of 50" Extra Wide Drawers For More Drawer Space

The Classic 96 is a comfortable size upgrade available in three configurations. The KRA2432 Wide Guy emphasizes extra-wide drawers with a full bank of fifty inch drawers. At 50" across, organizing long extensions, prybars, or whole families of tools in the same drawer is easy. Five of the six extra-wide drawers feature double ball bearing slides and all six have four reinforced bottom stiffeners to hold 250 lbs. of tools EACH.

Extra wide drawers allow organization of entire groupings of tools (tools not included), Shown with optional stainless steel work surface.

KRA2432 Roll Cab
 • 12 drawers
 • 33,116 cubic inches
 • 8,370 sq. in.

The Roll Cab Is Just The Beginning

CLASSIC Series

THE QUALITY IS BUILT IN

We Only Build Tool Storage To Professional Standards, And That's Why The Classic Series Stands Out.

Classic quality means these boxes will last. Snap-on tests them to the equivalent of 20-plus years, so they are going to hold their value. We don't cut corners; Snap-on's unique 14 gauge steel gussets reinforce the corners, keeping the box square for a lifetime. And the drawers on the Classic have 40-60% more spot welds than competitive units.

Our drawers make your job easier, with the largest variety of sizes and larger pulls for more finger space. Position your drawers any way you want, with 2 inch mounting centers on the whole box and quick disconnect slides. You can add more drawers anywhere on the roll cab or top chest. You can't do that with most competitive boxes. These drawers feature aluminum drawer trim — not plastic like many other brands.

Top drawers on the Classic 78 and 96 roll cabs feature double ball bearing slides and four support stiffeners for 250 lb. capacity.

A Great Finish

Classic looks mean your box is going to get noticed. For all seven standard colors, Snap-on uses a 9-stage pre-treatment process and a chemical-and scratch-resistant powder coat paint. Our new XMR additive makes these boxes more scratch resistant than ever, so your investment will keep its rich appearance for years.

Round keylock with interchangeable core. High security tubular locks with rotating collars are harder to pick and resist vandalism.

Four bottom stiffeners on all extra wide drawers can carry 250 lbs. with no worries.

Monoprene vibration-reducing casters provide a whisper-quiet ride and 2400 lb. weight capacity.

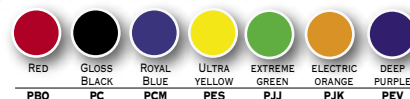

Deep drawer pulls with aluminum drawer pull trim for comfort and finger room.

Rolled edges on drawers for strength and a smoother edge.

Corner gussets are welded into each corner to keep the unit square for a lifetime of use. A Snap-on exclusive!

All Classic Series Units are available in 7 standard Colors.

ADD SUFFIX TO BASE STOCK NUMBER FOR SPECIAL COLORS.

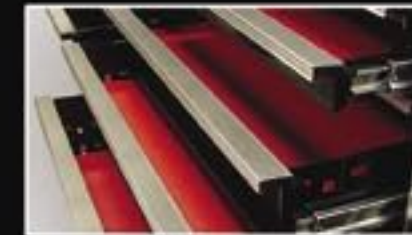

Personalize With Accessories

Accessories help you get organized and work more efficiently. Keep your tools within easy reach and make everything easy to find when you need it. Ask your Snap-on dealer for more information.

Optional Liners

Non-slip material available in red, blue, black and yellow. Help protect your tools and the drawer.

Drawer Guards

Drawer guard sets are made of precision fit stainless steel with a brushed finish for easy clean up.

Hardwood Work Surfaces

Strong, durable non-marring Northern hard maple butcher-block top allows roll cab to double as full length workbench.

Stainless Steel Work Surfaces

High grade 16 gauge 304 stainless steel with raised front lip to keep parts from rolling off workbench. Top is 1 7/8" thick.

Optional Protective Covers

Made of 200 denier nylon, covers are available in red, black and blue.

Wow 'Em With Flames

It's hot. It's cool. It's the one tool box everyone is talking about. You're not ordinary and with this box, neither is your workshop. Flames completely cover the front and both ends of the KRA2411PLVX.

Laminated vinyl decals are professionally applied to keep the wow factor looking good for years to come. Available for Roll Cabs only. Availability of this and other promotional items may be limited.
